Asbestos

The Emmetsburg Catholic School continues to respond to the asbestos in buildings issue in a cautious and proactive manner. Building administration will continue with its ongoing asbestos operations and maintenance program, including periodic surveillance inspections which are conducted on a semi-annual basis.

Re-inspections, as required by AHERA (EPA) have been conducted by accredited inspectors every three years since the implementation of our management plan. The latest three-year inspection was conducted during July 2017.

Please rest assured that the district's ongoing efforts related to the management and control of asbestos-containing materials are focused on providing a safe and healthy environment for building occupants and employees. If you have any questions or would like to review the management plan, please feel free to contact Jean Hyslop at 852-3464.

Adopted with changes: (June 2017)

WELLNESS POLICY

The board promotes healthy students by supporting wellness, good nutrition and regular physical activity as a part of the total learning environment. The school district supports a healthy environment where students learn and participate in positive dietary and lifestyle practices. By facilitating learning through the support and promotion of good nutrition and physical activity, schools contribute to the basic health status of students. Improved health optimizes student performance potential.

The school district provides a comprehensive learning environment for developing and practicing lifelong wellness behaviors. The entire school environment, not just the classroom, shall be aligned with healthy school district goals to positively influence a student's understanding, beliefs and habits as they relate to good nutrition and regular physical activity.

The school district supports and promotes proper dietary habits contributing to students' health status and academic performance. All foods available on school grounds and at school-sponsored activities during the instructional day should meet or exceed the school district nutrition standards. Foods should be served with consideration toward nutritional integrity, variety, appeal, taste, safety and packaging to ensure high-quality meals.

The school district will make every effort to eliminate any social stigma attached to, and prevent the overt identification of, students who are eligible for free and reduced-price meals. Toward this end, the school district provides meals at no charge to all children, regardless of income; and promotes the availability of meals to all students.

The Emmetsburg Catholic School will develop a local wellness policy committee comprised of representatives of the board, parents, leaders in food/exercise authority and employees. The local wellness policy committee will develop a plan to implement and measure the local wellness policy and monitor the effectiveness of the policy. The committee will designate an individual to monitor implementation and evaluation the implementation of the policy. The committee will report annually to the board regarding the effectiveness of this policy.

Specific Wellness Goals

To develop, implement, and maintain a walking program for both students and staff.

Implement a snack program that encourages students to bring or purchase a healthy snack.

Educate students and parents on healthy snacks for the school day.

Serve students fruits and vegetables from the lunch counter.

Provide information to students on nutrition education.

Limit bake sales, candy for prizes and encourage healthy snack decision making.

- specific goals for nutrition education, (*see Appendix A*)
- physical activity, (*see Appendix B*)

other school-based activities that are designed to promote student wellness, (*see Appendix C*)

The nutrition guidelines for all foods available with the objective of promoting student health and reducing childhood obesity are listed in Appendix D. (*see Appendix D*).

The board will monitor and evaluate this policy by through a checklist developed by the administration. Emmetsburg Catholic School Board and the administration will evaluate the policy each spring. (*see Appendix E*).
